## **PROGRAM OVERVIEW**

The New Hampshire Professionals' Health Program (NH PHP), a non-profit corporation, is a confidential resource that assists with identification, intervention, referral, and case management of NH physicians, physician assistants, and veterinarians who may be at risk for or affected by substance use disorders, behavioral or mental health conditions, or other issues impacting their work, health or well-being. NH PHP provides recovery documentation, education, support, and advocacy – from evaluation through treatment and recovery.

## **SERVICES**

**Consultation**, resource identification and referral for:

- Substance use disorders
- Physical and psychiatric illness
- Behavioral health including disruptive conduct and boundary issues
- Problems associated with aging

**Recovery** monitoring and documentation services

**Educational** programs and presentations for hospitals, medical staffs, medical schools, residency programs, health systems, professional associations and the veterinarian medical community

**Stress** management for issues that arise from the pressures of modern practice

**Assistance** to New Hampshire hospitals and medical staffs to meet JCAHO physician health requirements

## **COST**

NH PHP services are provided free of charge. Payment for recommended consultations, testing, referrals and treatment required for contracting and monitoring are the responsibility of the participant. Some insurance programs may cover treatment.

## **CONFIDENTIALITY**

NH PHP accepts referrals from any source including the professional, peers, colleagues, hospitals, practice managers, medical staffs, office staffs, regulatory agencies, Boards, attorneys, treatment centers, family, and friends. NH PHP protects the confidentiality and anonymity of program participants and referral sources to the fullest extent possible.

## **STAFF**

## **DISCLOSURE STATEMENT**

The NH PHP is an initiative of the NH Medical Society and established independent 501c3 non-profit corporation status in 2010.

The NH PHP operates with limited funding from NH Board of Medicine and NH Board of Veterinary Medicine licensure fees and contributions from the Hospitals, Medical Malpractice Insurance Companies and relies on the generosity of professional colleagues and other supporters to partnership in this effort.

## ***Your Contribution Counts!***

*Why? Because your financial support will...*

- Ensure that the new referrals made to NH PHP each year have the best chance for restoration to complete health
- Enhance patient safety for New Hampshire residents
- Promote awareness and education of issues impacting the health and well-being of physicians and other health care professionals
- Ensure the future of this critically needed program and allow for continuation and growth of its services.
